A

AAFP-PT: proficiency testing for office labs (*ed*), September, p. 93
abuse
—child, prevention of (*tip*), October, p. 308
—infant, fatal, radiologic diagnosis of (*tip*), September, p. 256
—or neglect, identification of infants at risk for (*tip*), December, p. 156
acne and wrinkles, alpha hydroxy acids for (*tip*), October, p. 286
acne fulminans (*sci*), September, p. 135
acyclovir, oral, in maternal zoster (*let*), August, p. 55
adolescent females, Chlamydia screening in (*tip*), August, p. 294
adolescents, children and, crisis intervention in (*sci*), November, p. 166
adoptees, international, unsuspected medical problems in (*tip*), December, p. 176
affective disorder, seasonal, and the use of phototherapy (*tip*), December, p. 185
aging
—biologic theories of (*sci*), September, p. 195
—and glucose intolerance (*tip*), September, p. 244
aging heart, clinical implications of (*tip*), July, p. 215
AIDS (*see also* HIV)
—endocrine complications in patients with (*tip*), August, p. 236
—in the United States in 1968, documentation of (*tip*), July, p. 235
AIDS patients
—medical student attitudes toward (*tip*), September, p. 236
—prophylaxis for *P. carinii* pneumonia in (*tip*), October, p. 276
AIDS-related psychopathology (*tip*), November, p. 243
air travel, international spread of disease by (*sci*), November, p. 129
aircraft crash, major, patterns of injury in survivors of (*tip*), August, p. 256
airlines, commercial, medical emergencies on (*tip*), July, p. 219
airway obstruction, balloons as a cause of (*sci*), August, p. 171
alcohol and other drug abuse, screening for (*sci*), July, p. 137
alcohol detoxification programs, inpatient vs. outpatient (*tip*), August, p. 252
alcoholism
—effects of, on skeletal and cardiac muscle (*tip*), August, p. 288
—in hospitalized patients, prevalence of (*tip*), July, p. 259
—physician recognition and treatment of (*tip*), November, p. 270
alpha hydroxy acids for acne and wrinkles (*tip*), October, p. 286
alpha$_1$-antitrypsin, deficiency of (*tip*), July, p. 241
alpha$_1$-antitrypsin deficiency, alpha$_1$-PI for emphysema due to (*sci*), September, p. 223
ALT, AST vs. (*let*), August, p. 55
Alzheimer's disease and genetic factors (*tip*), August, p. 239
anemia screening, CDC releases new reference criteria for (*med rep*), September, p. 303
angina and heart disease, breathlessness (*tip*), December, p. 183
angioplasty, transductal balloon, for neonatal aortic coarctation (*tip*), September, p. 242
angioscopic examination, damage of the arterial intima during (*tip*), August, p. 239
anterior cruciate ligament tears and patterns of meniscal injury (*tip*), August, p. 269
antibiotic therapy, outpatient intravenous (*sci*), October, p. 157
antismoking campaign, update on the health impact of (*tip*), September, p. 284
antithrombotic therapy in stroke and transient ischemic attacks (*sci*), November (*suppl*), p. 53S
aortic coarctation, neonatal, transductal balloon angioplasty for (*tip*), September, p. 242
aortic stenosis, balloon valvuloplasty for (*tip*), November, p. 283
apnea, sleep, continuous positive airway pressure for (*tip*), August, p. 280
aquatic dermatology, marine envenomations and (*sci*), August, p. 97
arsenic intoxication, acute (*sci*), December, p. 93
arterial intima, damage of, during angioscopic examination (*tip*), August, p. 239
aspergillosis in children with cystic fibrosis (*tip*), August, p. 249
aspiration of breast cysts (*tip*), October, p. 274
aspirin prophylaxis for cardiovascular disease (*sci*), August, p. 117
AST vs. ALT (*let*), August, p. 55
asthma
—atypical, diagnosis of (*tip*), December, p. 165
—childhood, parental smoking and (*tip*), August, p. 232
—chronic, school performance and (*tip*), November, p. 234
—exercise-induced, in children, AAP issues statement on (*tip*), October, p. 314
asthma management, better, five steps toward (*sci*), November, p. 201
asthma mortality and fenoterol (*tip*), November, p. 291
atenolol and nifedipine during breast feeding (*tip*), December, p. 173
atherosclerosis, plasma lipid peroxides and (*tip*), November, p. 233
athletes, cardiovascular changes in (*sci*), September, p. 169
ATV accidents, injuries from (*tip*), October, p. 262
automobile accidents, injury to backseat occupants in (*tip*), August, p. 235

B

back pain, low, acute, use of radiographs to diagnose cause of (*tip*), July, p. 250
back pain pitfalls (*sci*), October, p. 133
backseat occupants in automobile accidents, injury to (*tip*), August, p. 235
ballet dancers, teenage, nutritional beliefs and practices among (*tip*), November, p. 274

atherosclerosis, plasma lipid peroxides and (*tip*), November, p. 233
athletes, cardiovascular changes in (*sci*), September, p. 169
ATV accidents, injuries from (*tip*), October, p. 262
automobile accidents, injury to backseat occupants in (*tip*), August, p. 235

B

back pain, low, acute, use of radiographs to diagnose cause of (*tip*), July, p. 250
back pain pitfalls (*sci*), October, p. 133
backseat occupants in automobile accidents, injury to (*tip*), August, p. 235
ballet dancers, teenage, nutritional beliefs and practices among (*tip*), November, p. 274

balloons as a cause of airway obstruction (*sci*), August, p. 171
Bell's palsy (*sci*), August, p. 159
benzodiazepine abuse, identification and treatment of (*sci*), October, p. 175
benzodiazepine withdrawal in elderly patients (*tip*), October, p. 254
benzodiazepines, teratogenic effects of (*tip*), October, p. 283
bipolar disorder (*sci*), September, p. 156
birth weight, very low, handicaps in survivors with (*tip*), August, p. 276
bite(s)
—alligator (*tip*), July, p. 214
—human, risk of HIV transmission from (*tip*), December, p. 161
blood donor screening, newest addition to: HTLV-I (*sci*), August, p. 189
blood use in trauma patients, predicting (*tip*), August, p. 302
bone marrow sampling (*sci*), December, p. 85
bowel disease, inflammatory, refractory, methotrexate for (*tip*), December, p. 173
brain tumors, cholesterol and (*tip*), December, p. 155
Branhamella catarrhalis infections (*let*), November, p. 34
breast augmentation, low-dose mammography after (*tip*), July, p. 231
breast cancer
—early, involvement of the nipple in (*tip*), December, p. 180
—early, lymph node metastases in (*tip*), November, p. 279
—long-term cosmetic results following (*tip*), October, p. 294
—prognosis in nonpalpable vs. palpable (*tip*), August, p. 297
breast and cervical cancer, factors in late diagnosis of (*tip*), September, p. 241
breast cysts, aspiration of (*tip*), October, p. 274
breast feeding
—atenolol and nifedipine during (*tip*), December, p. 173
—and the working mother (*tip*), November, p. 265
breathlessness, angina and heart disease (*tip*), December, p. 183
bronchodilator therapy, inhaled vs. nebulized (*tip*), October, p. 304
bronchodilators for patients with COPD, choice of (*tip*), September, p. 256
bronchogenic cysts (*sci*), October, p. 167
bypass surgery
—coronary, survival in patients who refuse (*tip*), July, p. 247
—exercise testing for predicting prognosis after (*tip*), October, p. 302

C

caffeine, ventricular ectopic activity and the effects of (*tip*), August, p. 231
cancer (*see also* carcinoma)
—breast and cervical, factors in late diagnosis of (*tip*), September, p. 241
—breast, early, involvement of the nipple in (*tip*), December, p. 180
—breast, early, lymph node metastases in (*tip*), November, p. 279
—breast, long-term cosmetic results following (*tip*), October, p. 294
—breast, prognosis in nonpalpable vs. palpable (*tip*), August, p. 297
—colorectal, colonoscopy in patients with (*tip*), October, p. 259
—colorectal, screening for (*sci*), November, p. 119
—colorectal, screening for (*ed*), July, p. 40
—noncervical, detecting, with cervical Pap smears (*tip*), July, p. 238
cancer therapies, NIH releases statement on oral complications of (*med rep*), November, p. 301
carcinoma (*see also* cancer)
—colorectal, preventing local recurrence of (*tip*), September, p. 286
—hepatocellular, fibrolamellar (*sci*), August, p. 175
—thyroid, surgical therapy for (*tip*), July, p. 235
cardiac disease in HIV infection (*tip*), August, p. 297
cardiac muscle, skeletal and, the effects of alcoholism on (*tip*), August, p. 288
cardiac patients, CPR training for families of (*tip*), July, p. 232
cardiac risk factor in decompression sickness (*tip*), November, p. 283
cardiovascular changes in athletes (*sci*), September, p. 169
cardiovascular disease, aspirin chemoprophylaxis for (*sci*), August, p. 117
caries, nursing bottle (*tip*), September, p. 282
carotid artery and stroke (*sci*), November (*suppl*), p. 41S
Castleman's disease (*sci*), September, p. 151
catheter, urinary, irrigation (*tip*), August, p. 300
cervical cancer, breast and, factors in late diagnosis of (*tip*), September, p. 241
cervical examination before induction of postdate pregnancy (*tip*), August, p. 231
cesarean birth rates, physician factor in (*tip*), September, p. 279
charcoal, activated, alone for acute toxic ingestions (*tip*), September, p. 244
chest pain
—esophageal (*sci*), September, p. 101
—exercise stress testing in women with (*tip*), August, p. 279
chest tube insertion, guided (*tip*), July, p. 225
child abuse
—prevention of (*tip*), October, p. 308
—reporting (*tip*), November, p. 261
childhood obesity
—pediatricians' management of (*tip*), October, p. 273
—treatment of (*tip*), September, p. 241
children
—crisis intervention in, and adolescents (*sci*), November, p. 166
—with cystic fibrosis, aspergillosis in (*tip*), August, p. 249
—exercise-induced asthma in, AAP issues statement on (*tip*), October, p. 314
Chlamydia screening in adolescent females (*tip*), August, p. 294
chlamydial genital infections (*tip*), August, p. 278
chloroquine overdosage in infancy: a case report (*sci*), July, p. 164
cholecystectomy, short-stay, role of nasoduodenal tubes in (*tip*), December, p. 165
cholesterol and brain tumors (*tip*), December, p. 155
cholesterol levels, future, can be predicted to assess coronary disease risk (*med rep*), August, p. 308
cholesterol management, place of HDL in (*tip*), October, p. 295
chorionic villus sampling (*tip*), November, p. 228
circadian rhythms and hypertension control (*tip*), July, p. 230
clomipramine treatment, obsessive-compulsive disorder and (*tip*), July, p. 219
cocaine abuse in pregnancy (*tip*), August, p. 232
cocaine use, maternal, and SIDS (*tip*), October, p. 254
cognitive impairment after head injury (*sci*), October, p. 187
colic
—(*sci*), December, p. 122
—lactose malabsorption in infants with (*tip*), July, p. 236
colitis, pseudomembranous, fulminant idiopathic (*sci*), September, p. 179
colonoscopy in patients with colorectal cancer (*tip*), October, p. 259
colorectal cancer
—colonoscopy in patients with (*tip*), October, p. 259
—screening for (*sci*), November, p. 119
—screening for (*let*), July, p. 40
colorectal carcinoma, preventing local recurrence of (*tip*), September, p. 286

condom use
—patient education in (*tip*), December, p. 162
—women's attitudes about (*tip*), November, p. 272
congestive heart failure
—adverse effects of encainide in (*tip*), November, p. 239
—laboratory test utilization in (*tip*), September, p. 266
—and pleural effusions (*tip*), November, p. 256
conjunctivitis, neonatal, prophylaxis against (*tip*), October, p. 264
continuous ambulatory peritoneal dialysis (*sci*), November, p. 187
COPD
—choice of bronchodilators for patients with (*tip*), September, p. 256
—emergency management of, and early therapy with steroids (*tip*), September, p. 274
coronary artery disease
—asymptomatic, screening for (*sci*), December, p. 99
—exercise testing in screening for (*tip*), October, p. 255
—medical vs. surgical treatment of (*tip*), November, p. 258
coronary bypass surgery, survival in patients who refuse (*tip*), July, p. 247
coronary disease risk, future cholesterol levels can be predicted to assess (*med rep*), August, p. 308
coronary heart disease, left ventricular mass and (*tip*), October, p. 289
coronary occlusion, transmural myocardial ischemia during (*tip*), July, p. 230
correction (*let*), October, p. 47
cough, chronic persistent (*tip*), November, p. 287
CPR training for families of cardiac patients (*tip*), July, p. 232
crisis intervention in children and adolescents (*sci*), November, p. 166
croup, steroid therapy for (*tip*), December, p. 185
cystic fibrosis, aspergillosis in children with (*tip*), August, p. 249
cysts, breast, aspiration of (*tip*), October, p. 274

D

death, selling (*let*), October, p. 41
decompression sickness, cardiac risk factor in (*tip*), November, p. 283
deep venous thrombosis
—impedance plethysmography in (*tip*), September, p. 266
—pulmonary embolism in patients with (*tip*), October, p. 276
desmoplastic fibroma (*sci*), August, p. 111
diabetes, subsequent, treatment of hypertension and (*tip*), December, p. 183
diabetes mellitus
—AAO releases guidelines for eye care in patients with (*med rep*), July, p. 270
—gestational, screening for (*sci*), December, p. 109
diabetes screening, prenatal, cost-benefit analysis of (*tip*), July, p. 259
dialysis, continuous ambulatory peritoneal (*sci*), November, p. 187
diarrhea
—acute, gastrocolic fistula presenting as (*sci*), October, p. 223
—in critically ill patients (*sci*), August, p. 135
digoxin toxicity due to erythromycin (*tip*), October, p. 255
diuretic, thiazide, and verapamil therapy in hypertensive patients (*tip*), August, p. 243
diuretics, lipid abnormalities and (*sci*), October, p. 213
dog bite infections, *Staphylococcus intermedius* in (*tip*), September, p. 236
do-not-resuscitate decisions made in a home-care setting (*tip*), July, p. 253
Doppler study, umbilical artery (*tip*), September, p. 282
douching, vaginal, by teenagers (*tip*), November, p. 262
driver, aging (*tip*), August, p. 240
drug abuse
—alcohol and other, screening for (*sci*), July, p. 137
—a biopsychiatric model (*sci*), November, p. 173
drug diversion and counterfeiting (*ed*), October, p. 81
duodenal ulcers, prevention of recurrence of (*tip*), December, p. 179
dying patient, treating (*ed*), October, p. 88
dysthymic disorder, recognition and management of (*sci*), October, p. 229

E

elderly
—common oral conditions in (*sci*), November, p. 149
—exercise in (*tip*), December, p. 174
—hypernatremia in (*sci*), July, p. 125
—pneumonia in (*sci*), November (*suppl*), p. 23S
—preoperative mental status evaluation in (*let*), September, p. 61
elderly patient(s)
—benzodiazepine withdrawal in (*tip*), October, p. 254
—drugs for hypertension in (*tip*), August, p. 256
—preoperative evaluation of (*let*), August, p. 58
elderly persons, risk factors for falls in (*tip*), August, p. 272
electrolyte levels, serum, in acute gastroenteritis (*tip*), November, p. 261
emergencies, medical, on commercial airlines (*tip*), July, p. 219
emergency department telephone advice (*tip*), September, p. 280
emergency department utilization by HMO members (*tip*), November, p. 272
emphysema due to alpha$_1$-antitrypsin deficiency, alpha$_1$-PI for (*sci*), September, p. 223
empyema necessitatis (*sci*), October, p. 149
encainide in congestive heart failure, adverse effects of (*tip*), November, p. 239
endocrine complications in patients with AIDS (*tip*), August, p. 236
endocrine disorders in impotence (*tip*), December, p. 168
endometrial sampling techniques for the office (*sci*), October, p. 207
endoscopy and bleeding ulcers, conference covers (*med rep*), August, p. 304
epidermolysis bullosa, ocular involvement in (*tip*), August, p. 287
erythromycin, digoxin toxicity due to (*tip*), October, p. 255
esophageal chest pain (*sci*), September, p. 101
esophageal varices (*sci*), July, p. 107
estrogen replacement therapy for the prevention of osteoporosis (*sci*), September, p. 205
examinations, periodic health, in women (*sci*), November (*suppl*), p. 74S
exercise in the elderly (*tip*), December, p. 174
exercise-induced asthma in children, AAP issues statement on (*med rep*), October, p. 314
exercise stress testing in women with chest pain (*tip*), August, p. 279
exercise testing
—for predicting prognosis after bypass surgery (*tip*), October, p. 302
—in screening for coronary artery disease (*tip*), October, p. 255
exercise tolerance testing in a family practice setting (*tip*), December, p. 155
eye care in patients with diabetes mellitus, AAO releases guidelines for (*med rep*), July, p. 270

F

failure to thrive, nonorganic (*sci*), November (*suppl*), p. 63S
falls, in elderly persons, risk factors for (*tip*), August, p. 272

family medicine, recruitment for (*let*), July, p. 52
fenoterol, asthma mortality and (*tip*), November, p. 291
fetus, anomalous, MRI of (*tip*), December, p. 155
fever in hospitalized patients (*tip*), July, p. 226
fires, residential, deaths from, in persons over age 65 (*tip*), November, p. 291
fish oil, effect of, in hypertriglyceridemia (*tip*), September, p. 251

G

gallbladder bed reperitonealization (*tip*), October, p. 301
gastrocolic fistula presenting as acute diarrhea (*sci*), October, p. 223
gastroenteritis, acute, serum electrolyte levels in (*tip*), November, p. 261
gastrointestinal side effects associated with NSAID use (*tip*), December, p. 167
generic substitution, mandatory, AAFP approves policy against (*med rep*), November, p. 297
genetic factors, Alzheimer's disease and (*tip*), August, p. 239
genital infections, chlamydial (*tip*), August, p. 278
geriatric patient assessment through a home visit (*tip*), August, p. 250
gestational age, estimation of (*tip*), September, p. 248
glucose intolerance, aging and (*tip*), September, p. 244
glutamine peptides to prevent protein loss after surgery (*tip*), July, p. 213
guidelines
—influenza vaccination, ACIP updates (*med rep*), October, p. 310
—on nutrition for family practice residents: recommended core educational, July, p. 265
—for *P. carinii* pneumonia prophylaxis, PHS issues (*med rep*), September, p. 292
—for STD treatment, updated, CDC releases (*med rep*), December, p. 199
gynecologic surgery in women over age 75 (*tip*), July, p. 228

H

handicaps in survivors with very low birth weight (*tip*), August, p. 276
HDL, place of, in cholesterol management (*tip*), October, p. 295
head injury, cognitive impairment after (*sci*), October, p. 186
headaches, migraine, treatment of (*tip*), October, p. 292
health care, access to, a U.S. concern (*ed*), November (*suppl*), p. 19S
heart, aging, clinical implications of (*tip*), July, p. 215
heart block, reversible, in Lyme carditis (*tip*), October, p. 278
heart disease, breathlessness, angina and (*tip*), December, p. 183
hematuria in adults, evaluating (*sci*), August, p. 149
hemoglobin values, normal, in men and women (*let*), December, p. 47
'Henderson maneuver,' introducing (*ed*), August, p. 92
hepatitis B, screening for (*sci*), July, p. 131
hepatocellular carcinoma, fibrolamellar (*sci*), August, p. 175
heterosexual HIV transmission in the middle-class population (*tip*), October, p. 260
hip dislocation, congenital (*tip*), November, p. 265
HIV (*see also* AIDS)
HIV, screening for (*sci*), October, p. 123
HIV antibodies, umbilical cord blood serosurvey for presence of (*tip*), August, p. 250
HIV epidemic, family physician's role in (*ed*), September, p. 89
HIV exposure, how to assess the risk of (*sci*), July, p. 153
HIV-infected patients: a primary care challenge (*sci*), September, p. 121
HIV infection
—cardiac disease in (*tip*), August, p. 297
—tuberculosis and, ACET issues report on (*med rep*), July, p. 268
HIV transmission
—heterosexual, in the middle-class population (*tip*), October, p. 260
—from a human bite, risk of (*tip*), December, p. 161
HIV-I positivity in Rwanda (*tip*), December, p. 181
hospital costs and physician knowledge (*tip*), September, p. 246
hospitalized patients
—fever in (*tip*), July, p. 226
—prevalence of alcoholism in (*tip*), July, p. 259
HTLV-I: newest addition to blood donor screening (*sci*), August, p. 189
HTLV-I infection and the family physician (*ed*), August, p. 91
hyperactive children, stimulant medication in (*tip*), November, p. 279
hypercholesterolemia, trends in drug treatment of (*tip*), September, p. 276
hyperhidrosis, management of (*tip*), November, p. 244
hypernatremia in the elderly (*sci*), July, p. 125
hypertension
—in elderly patients, drugs for (*tip*), August, p. 256
—ocular findings in (*tip*), December, p. 167
—pulmonary (*sci*), November, p. 195
—and subsequent diabetes, treatment of (*tip*), December, p. 183
—'urgent,' treatment of (*tip*), July, p. 218
hypertension control, circadian rhythms and (*tip*), July, p. 230
hypertensive patients, thiazide diuretic and verapamil therapy in (*tip*), August, p. 243
hypertriglyceridemia, effect of fish oil in (*tip*), September, p. 251

I

IgM-enriched immunoglobulin therapy in neonatal sepsis (*tip*), September, p. 258
immunizations
—adult (*sci*), September, p. 143
—childhood (*sci*), October, p. 115
impedance plethysmography in deep venous thrombosis (*tip*), September, p. 266
impotence, endocrine disorders in (*tip*), December, p. 168
induction of postdate pregnancy, cervical examination before (*tip*), August, p. 231
infancy, chloroquine overdosage in: a case report (*sci*), July, p. 164
infants
—with colic, lactose malabsorption in (*tip*), July, p. 236
—at risk for abuse or neglect, identification of (*tip*), December, p. 156
inflammatory bowel disease, refractory, methotrexate for (*tip*), December, p. 173
influenza vaccination guidelines, ACIP updates (*med rep*), October, p. 310
injuries, recurrent, in school children (*tip*), September, p. 238
injury in survivors of a major aircraft crash, patterns of (*tip*), August, p. 256
inpatient vs. outpatient alcohol detoxification programs (*tip*), August, p. 252
insulin requirements during lactation (*tip*), December, p. 181

L

labor, preterm, prevention and treatment of (*sci*), November, p. 139

laboratory test utilization in congestive heart failure (*tip*), September, p. 266
lactation, insulin requirements during (*tip*), December, p. 181
lactose malabsorption in infants with colic (*tip*), July, p. 236
laser surgery of the skin (*sci*), November, p. 109
lipid abnormalities and diuretics (*sci*), October, p. 213
lithium therapy for manic depression (*tip*), November, p. 254
low back pain care, patient evaluation of (*tip*), October, p. 283
Lyme carditis, reversible heart block in (*tip*), October, p. 278
Lyme disease, diagnosing (*tip*), July, p. 244
Lyme disease endemic areas, preventing tick exposure in (*tip*), August, p. 275
lymph node metastases in early breast cancer (*tip*), November, p. 279
lymphomatosis, peritoneal (*sci*), October, p. 195

M

M. pneumoniae pneumonia (*tip*), September, p. 270
macroglobulinemia in shoe repairers (*tip*), July, p. 238
magnesium deficiency and ventricular ectopy (*tip*), November, p. 256
mammographic screening, how to increase (*ed*), November, p. 96
mammography, low-dose, after breast augmentation (*tip*), July, p. 231
manic-depression, lithium therapy for (*tip*), November, p. 254
marine envenomations and aquatic dermatology (*sci*), August, p. 97
meconium aspiration, pulmonary sequelae of (*tip*), December, p. 166
medical student attitudes toward AIDS patients (*tip*), September, p. 236
melanoma, malignant, juvenile (*tip*), September, p. 261
melatonin for jet lag (*tip*), September, p. 272
memory loss: case report (*let*), October, p. 45
meningococcal infection, preventing secondary cases of (*tip*), November, p. 234
meniscal injury, anterior cruciate ligament tears and patterns of (*tip*), August, p. 269
mental status evaluation, preoperative, in the elderly (*let*), September, p. 61
methotrexate
—for refractory inflammatory bowel disease (*tip*), December, p. 173
—in the treatment of rheumatoid arthritis (*sci*), October, p. 243
microhematuria, evaluation of (*tip*), July, p. 241
migraine headaches, treatment of (*tip*), October, p. 292
misoprostol: a prostaglandin for peptic ulcer (*sci*), August, p. 217
MRI of the anomalous fetus (*tip*), December, p. 155
myocardial infarction
—acute, comparing treatment strategies for (*tip*), September, p. 251
—evaluation of patients after (*tip*), October, p. 304
myocardial ischemia
—silent (*tip*), July, p. 242
—transmural, during coronary occlusion (*tip*), July, p. 230

N

nasoduodenal tubes in short-stay cholecystectomy, role of (*tip*), December, p. 165.
nasopharyngeal tube, treatment of sleep apnea with (*tip*), September, p. 279
neglect, abuse or, identification of infants at risk for (*tip*), December, p. 156
neonatal aortic coarctation, transductal balloon angioplasty for (*tip*), September, p. 242
neonatal conjunctivitis, prophylaxis against (*tip*), October, p. 264
neonatal sepsis, IgM-enriched immunoglobulin therapy in (*tip*), September, p. 258
nephrolithiasis in pregnancy (*sci*), September, p. 185
nerve compression syndromes of the lower extremity (*sci*), October, p. 101
newborns
—with cutaneous manifestations of spinal abnormalities, sonography in (*sci*), August, p. 198
—premature, home oxygen therapy for (*tip*), October, p. 266
nifedipine, atenolol and, during breast feeding (*tip*), December, p. 173
nimodipine
—oral, in subarachnoid hemorrhage, effect of (*tip*), November, p. 253
—in subarachnoid hemorrhage (*sci*), December, p. 143
nipple, involvement of, in early breast cancer (*tip*), December, p. 180
nonorganic failure to thrive (*sci*), November (*suppl*), p. 63S
NSAID use, gastrointestinal side effects associated with (*tip*), December, p. 167
NSAIDs, renal dysfunction resulting from (*sci*), October, p. 199
nursing home patients, use of pyschotropic drugs in (*tip*), December, p. 156
nutrition: recommended core educational guidelines on, for family practice residents, July, p. 265
nutritional beliefs and practices among teenage ballet dancers (*tip*), November, p. 274
nutritional counseling (*sci*), August, p. 125

O

obesity
—childhood, pediatricians' management of (*tip*), October, p. 273
—childhood, treatment of (*tip*), September, p. 241
obsessive-compulsive disorder and clomipramine treatment (*tip*), July, p. 219
obstetric training in family practice (*let*), September, p. 53
ocular findings in hypertension (*tip*), December, p. 167
ocular involvement in epidermolysis bullosa (*tip*), August, p. 287
odontogenic sinus tracts (*sci*), July, p. 113
office diagnosis of streptococcal pharyngitis, accuracy of (*tip*), August, p. 255
office laboratories, federally regulated (*ed*), November, p. 95
office labs, proficiency testing for: AAFP-PT (*ed*), September, p. 93
oral conditions, common, in the elderly (*sci*), November, p. 149
osteoporosis, estrogen replacement therapy for the prevention of (*sci*), September, p. 205
outpatient, inpatient vs., alcohol detoxification programs (*tip*), August, p. 252
oxygen therapy, home, for premature newborns (*tip*), October, p. 266

P

P. carinii pneumonia
—in AIDS patients, prophylaxis for (*tip*), October, p. 276
—pentamidine for the prevention and treatment of (*sci*), July, p. 195
P. carinii pneumonia prophylaxis, PHS issues guidelines for (*med rep*), September, p. 292
pain relief
—politics of (*ed*), September, p. 90
—in terminally ill patients (*sci*), December, p. 133
pancreatic pseudocysts (*tip*), October, p. 306
pancreatic transection, traumatic (*sci*), December, p. 127
Pap smear screening, computerized reminders for (*tip*), November, p. 227
Pap smears
—cervical, detecting noncervical cancer with (*tip*), July, p. 238
—improving (*let*), December, p. 48
papillomavirus infection, human (*tip*), October, p. 256
parathyroid cystic disease, recurrent (*sci*), July, p. 119
patient education: a family affair (*ed*), August, p. 92

pediatricians' management of childhood obesity (*tip*), October, p. 273
pentamidine for the prevention and treatment of *P. carinii* pneumonia (*sci*), July, p. 195
peptic ulcer, prostaglandin for: misoprostol (*sci*), August, p. 217
perimenopausal women, abnormal vaginal bleeding in (*sci*), July, p. 185
peritoneal lymphomatosis (*sci*), October, p. 195
peroneal nerve entrapment (*tip*), December, p. 175
peroxides, plasma lipoid, and atherosclerosis (*tip*), November, p. 233
pesticides and food safety (*FDA*), September, p. 289
phototherapy, seasonal affective disorder and the use of (*tip*), December, p. 185
physicals, assembly-line (*let*), September, p. 53
physician education, impact of, on health promotion practices (*tip*), August, p. 292
physician knowledge, hospital costs and (*tip*), September, p. 246
pine oil cleaner ingestion (*tip*), November, p. 253
pleural effusions, congestive heart failure and (*tip*), November, p. 256
pneumonia
—in the elderly (*sci*), November (*suppl*), p. 23S
—*M. pneumoniae* (*tip*), September, p. 270
—*P. carinii*, in AIDS patients, prophylaxis for (*tip*), October, p. 276
—*P. carinii*, pentamidine for the prevention and treatment of (*sci*), July, p. 195
—*P. carinii*, prophylaxis, PHS issues guidelines for (*med rep*), September, p. 292
prayer, positive effects of (*let*), August, p. 61
pregnancy
—cocaine abuse in (*tip*), August, p. 232
—nephrolithiasis in (*sci*), September, p. 185
—postdate, cervical examination before induction of (*tip*), August, p. 231
—scuba diving and (*let*), August, p. 61
prenatal visit, pediatric, family practice approach to (*sci*), August, p. 181
prenatal and well-child care (*tip*), August, p. 287
preoperative evaluation of the elderly patient (*let*), August, p. 58
pressure sores, treatment of (*tip*), October, p. 286
preterm labor, prevention and treatment of (*sci*), November, p. 139
preventive health care use in physicians' family members (*tip*), August, p. 276
primary care 'perestroika' (*let*), October, p. 41
prostaglandin for peptic ulcer: misoprostol (*sci*), August, p. 217
protein loss after surgery, glutamine peptides to prevent (*tip*), July, p. 213
pseudocysts, pancreatic (*tip*), October, p. 306
pseudomembranous colitis, fulminant idiopathic (*sci*), September, p. 179
psoriasis and vitamin D_3 (*tip*), October, p. 301
psychopathology, AIDS-related (*tip*), November, p. 243
psychotropic drugs, use of, in nursing home patients (*tip*), December, p. 156
pulmonary embolism in patients with deep venous thrombosis (*tip*), October, p. 286
pulmonary sequelae of meconium aspiration (*tip*), December, p. 166
pulmonary stenosis, balloon valvuloplasty for (*tip*), September, p. 265

Q

R

radiologic diagnosis of fatal infant abuse (*tip*), September, p. 256
recruitment for family medicine (*let*), July, p. 52
renal dysfunction resulting from NSAIDs (*sci*), October, p. 199
rheumatoid arthritis, methotrexate in the treatment of (*sci*), October, p. 243
risk factors for falls in elderly persons (*tip*), August, p. 272

S

schoolchildren, recurrent injuries in (*tip*), September, p. 238
scuba diving and pregnancy (*let*), August, p. 61
sepsis, neonatal, IgM-enriched immunoglobulin therapy in (*tip*), September, p. 258
sexual history
—new: inquiring about sexual practices (*ed*), July, p. 82
—taking: an individualized approach (*ed*), July, p. 83
sexual practices, inquiring about: the new sexual history (*ed*), July, p. 82
SIDS, maternal cocaine use and (*tip*), October, p. 254
skeletal and cardiac muscle, effects of alcoholism on (*tip*), August, p. 288
skin
—laser surgery of (*sci*), November, p. 109
—UVR and, NIH conference covers (*med rep*), September, p. 297
sleep apnea
—continuous positive airway pressure for (*tip*), August, p. 280
—treatment of, with a nasopharyngeal tube (*tip*), September, p. 279
smoking
—cigarette, trends in (*tip*), August, p. 291
—encouraging physicians to help patients quit (*tip*), December, p. 179
—parental, and childhood asthma (*tip*), August, p. 232
smoking cessation counseling (*tip*), July, p. 213
smoking intervention by physicians, increasing (*tip*), November, p. 227
smoking policies in children's hospitals (*tip*), November, p. 242
somatization disorder in family practice (*sci*), August, p. 206
sonography in newborns with cutaneous manifestations of spinal abnormalities (*sci*), August, p. 198
spinal abnormalities, sonography in newborns with cutaneous manifestations of (*sci*), August, p. 198
Staphylococcus intermedius in dog bite infections (*tip*), September, p. 236
STD prevention and the family physician (*ed*), December, p. 74
STD treatment, CDC releases updated guidelines for (*med rep*), December, p. 199
steroid therapy for croup (*tip*), December, p. 185
steroids, emergency management of COPD and early therapy with (*tip*), September, p. 274
stimulant medication in hyperactive children (*tip*), November, p. 279
streptococcal pharyngitis, accuracy of office diagnosis of (*tip*), August, p. 255
streptococcal tests, rapid (*tip*), August, p. 270
stroke
—antithrombotic therapy in, and transient ischemic attacks (*sci*), November (*suppl*), p. 53S
—cardiogenic (*sci*), November (*suppl*), p. 35S
—carotid artery and (*sci*), November (*suppl*), p. 41S
subarachnoid hemorrhage
—(*sci*), July, p. 95
—effect of oral nimodipine in (*tip*), November, p. 253
—nimodipine in (*sci*), December, p. 143
surgery
—glutamine peptides to prevent protein loss after (*tip*), July, p. 213
—gynecologic, in women over age 75 (*tip*), July, p. 228

surgical therapy for thyroid carcinoma (*tip*), July, p. 235
